# SRG and STIG Readme

# Version 3, Release 2

# 09 December 2016

# Developed by DISA for the DoD

This Readme file describes the types of files and folders that may be contained within this package and their usage. The ones listed are those commonly found in packages. Not all possible file types are listed.

| File | Description |
| --- | --- |
| Overview.pdf or Addendum.pdf | This document contains background information and other important information that could not be stored in the XCCDF document. |
| **Manual_SRG or Manual_STIG folder | These folders contain manual SRG and STIG content. They may be opened with STIG Viewer or viewed in a web browser. |
| Supplemental.pdf | The Supplemental Procedures document contains additional information not included in the Overview or XCCDF document. |
| Configuration_Table.pdf | The Configuration Table contains IT policy rules, profile settings, and other server configurations. |
| Revision_History.pdf | The Revision History contains the history of the changes. |

**The Manual_SRG or Manual_STIG folder contains the following:

| File | Description |
| --- | --- |
| Manual-xccdf.xml | This is an XCCDF XML document that contains the manual content of the SRG or STIG. |
| STIG_unclass.xsl or STIG_fouo.xsl | This is an XSLT stylesheet that is used for converting the XCCDF document into HTML for viewing in a web browser. |
| DoD-DISA-logos-as-JPEG.jpg | This is a JPEG image that contains the DoD and DISA logos that are displayed at the top of the document when viewed as HTML. |
